Welcome To My World

[Verse 1]
Welcome to my world,
where ideas have form
A YouTube Channel unlike any other
So, come along

There are Stories, Poems and Songs to enjoy
Philosophical question to ponder the day long
Sometimes Mythical or something clear
Faith, Hope, Love, Longing and Identity

[Pre-Chorus]
Things we think about
but don't often share
You might just find
something you like here

[Chorus]
Welcome to my world
Come and relax
Welcome to my world
A break in the day

While you enjoy
your favorite drink
I invite you to listen
to something unique

[Verse 2]
Simple words
to make you think
Life is to short,
so put on a smile

I'm not going anywhere
I'll be here for awhile
Take a seat
and let the room breathe

Stories, Poems and Songs
for you and me

[Pre-Chorus]
Things we think about
but don't often share
You might just find
something you like here

[Chorus]
Welcome to my world
Come and relax
Welcome to my world
A break in the day

While you enjoy
your favorite drink
I invite you to listen
to something unique

[Bridge]
Faith in the dark
Hope in the quiet
Love in the waiting
Longing beside it

Identity shifting
and the questions stay
Bring me your heart
and I'll meet you halfway

[Chorus]
Welcome to my world
Come and relax
Welcome to my world
A break in the day

While you enjoy
your favorite drink
I invite you to listen
to something unique

~Welcome to My World – A Poetic Invitation –

Welcome to my world,
a place where ideas take shape
and wander into stories, poems, and songs
meant to keep you company through the day.

Here, philosophical questions linger,
myth and clarity walk side-by-side,
and Faith, Hope, Love, Longing, Identity,
sit quietly in the corner, waiting to be noticed.

These are the things we think about
but rarely speak aloud–
yet you may find something here,
that feels like it was written *just for you.*

So take a break in your day.
Come and relax.
Bring your favorite drink,
and let something unique
settle gently into your thoughts.

Simple words can make you think.
Life is too short
not to smile at least once today.
I'm not going anywhere–
I'll be here awhile,
keeping the room open
for anyone who needs a moment to breathe.

And if you look below,
you'll find transcripts and lyrics
waiting to be printed or saved–
small keepsakes from a world
